Junior 
ENTREPRENEUR
PROGRAMME

A GOOD START IS HALF THE WORK...

If you're a primary level teacher of 5th or 6th class pupils, you'll know just how curious and capable an 11- or 12-year-old's mind can be.

Kids of this age are bursting with ideas and energy, and at this stage of their education, they're perfectly placed to excel in a practical group environment.

In short, your pupils are perfectly poised to benefit from everything that the Junior Entrepreneur Programme can offer them, both now and into their adult professional lives.

WHAT IS THE JUNIOR ENTREPRENEUR PROGRAMME?

Since launching in 2010, the Junior Entrepreneur Programme (or JEP) has brought real-life business learning to close to 40,000 children in primary school classrooms all over Ireland.

Running over a 12 to 16 week period during the school year, the Programme nurtures creativity, independence and problem-solving among pupils of all abilities, helping them develop their own

individual business skill sets in collaboration with their classmates.

By harnessing vital aspects of English, Maths, Visual Arts, ICT, Drama and SPHE, it's ideally designed to blend seamlessly into the primary school curriculum.

And because it's a not-for-profit initiative, it's completely free of charge for all schools to participate in.

NEW ONLINE SIGNUP

Sign up for JEP has been made really simple. It's just a matter of signing up online and listing the pupils in your class. The paper based parental consents have been replaced by this new, time-saving process.

ACADEMICALLY APPROVED, SERIOUSLY SUPPORTED

JEP is led by Jerry Kennelly of Tweak.com and was developed in collaboration with Mary Immaculate College of Education in Limerick. The Programme's materials have also been reviewed and welcomed by the Council for the Curriculum, Examinations and Assessment (CCEA) in Northern Ireland.

YOU'RE SUPPORTED AT EVERY STEP

The JEP Classroom Kit is provided to every class participating in the Programme. It includes a comprehensive, step-by-step Teacher's Guide, plus all the tools a teacher needs to facilitate JEP in the classroom.

You'll have access to webinars, an online live chat service and a JEP Project Manager to support you at all stages once you're up and running.

TEACHER AND PUPIL RECOGNITION

All teachers who deliver JEP in the classroom are presented with a certificate issued in association with Mary Immaculate College in recognition of Professional Development. All pupils who complete the programme will also receive a certificate to recognise their success, while your school will receive the JEP school flag and JEP wall plaque to mark your participation.

NATIONAL SHOWCASE DAY & AWARDS

For the first time, in addition to the School Showcase, JEP will host a National Showcase Day at the RDS in Dublin on Monday June 18th 2018. Classes whose JEP project meets the required standard will be invited to participate in the showcase and have a chance to be among the prizewinners.

MEET OUR PARTNERS...

JEP is supported by some of Ireland's leading entrepreneurs including:

Michael Dawson
One4All
Niall Norton & Joe Hogan

TOP MARKS FOR JEP FROM IRISH TEACHERS AND PUPILS

100%
OF TEACHERS

who facilitated the 2016 Programme described it as beneficial to both pupils and school.

85%

said it enhanced Maths teaching.

98%

of participating pupils said they would recommend JEP to a friend.

Teachers listed **CREATIVITY, CONFIDENCE, TEAMWORK & COMMUNICATION** as among the biggest benefits for pupils.

"JEP was a brilliant way to develop communication, teamwork, creativity and confidence within my class. It gave them the ability to express themselves."

**Gavin Fox,
5th Class Teacher,
Presentation
Primary School,
Armagh**

"The children learned many new skills, their confidence grew and it benefited our school spirit. They learned practical life skills, teamwork, self-esteem and curriculum links in a real life context."

**Shane Brennan,
5th Class Teacher,
Robertstown N.S.,
Co. Kildare.**

"It was a fantastic experience and the entrepreneur buzz throughout the school is palpable. The whole school and community got behind the project. They worked well together and we as a school are very proud of their achievement."

**Ruth Swords,
6th Class Teacher,
Scoil Mhuire,
Dublin 4.**
